Baltimore Lock Hospital.

DR. JOHNSTON.

Physician of this celebrated Institution, has Discovered the most Certain, Speedy, Pleasant and Effectual Remedy in the World for all

DISEASES OF IMPRUDENCE,

Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners of Ulysses blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

Especially, who have become the Victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS,

IMPOTENCY, LOSS OF POWER,

Immediately Cured and Full Vigor Restored. This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits, than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened, loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility and Wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE WARRANTED IN TWO DAYS.

Relief in Six Hours! No Mercury!

Persons Ruined by Ignorant, Trifling Pretenders and their Deadly Poisons, should apply immediately.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known—many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another is blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to that undiscovered country "from whence no traveller returns."

It is a melancholy fact that thousands fall victims to this terrible disease, through falling into the hands of ignorant or unskillful PRETENDERS, who, by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life, Vigor and Happiness, in despair leave him with ruined Health to sigh over his galling disappointment.

To such, therefore, Dr. JOHNSTON pledges himself to preserve the most inviolable secrecy, and from his extensive practice and observations in the great Hospitals of Europe and the first in this country, viz: England, France, Philadelphia and elsewhere, is enabled to offer the most Certain, Speedy and Effectual Remedy in the World for all Diseases of Imprudence.

DR. JOHNSTON,

OFFICE No. 7 S. FREDERICK STREET

BALTIMORE, MD.,

left hand side going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

No letters received unless post-paid and containing a stamp to be used on the reply. Persons writing should state age, and send a portion of advertisement describing symptoms.

There are so many Paltry, Designing and Worthless Impostors advertising themselves as Physicians, trifling with and ruining the health of all who unfortunately fall into their power, that Dr. Johnston deems it necessary to say especially to those unacquainted with his reputation that his credentials or Diplomas always hang in his office.

ENDORSEMENT OF THE PRESS.

The many thousands cured at this Establishment, year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the representatives of the press and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

KISSINGER & CO.,

NO. 2 WEST MARKET STREET, *YORK, PA.,*

AGENTS AND DEALERS IN PIANOS, CABINET ORGANS, MELODEONS AND ALL KINDS OF MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reikes & Schmidt, Chickering & Son, Bradbury, Knabe & Son, Gale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by anything found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

STILL AHEAD!

HOFFHEINS' REAPER AND MOWER,

One of the Greatest Machines of the Age,

IS superior to any other Machine now in use, and will excel any that will ever be introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work, in all kinds of grass and grain. It cuts lodged grain admirably, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

A full trial of this Machine can be had.

Also, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, and the great and well-known BRANT RAKE, the best rake ever introduced.

We would also call your attention to the IRON DOUBLE-SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

Also, THE KEELER AND EXCELSIOR FANNING MILL, the old Bamborough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Any person wishing to examine these machines can see them at the Battle-field Hotel, or at my residence, 3 miles from Gettysburg, between the Taneytown road and the Baltimore pike.

MAY.

The red-winged merle from bending spray,
With graceful pinions poising,
Pours out a liquid roundelay
In jubilant rejoicing.
The cock-grouse drums on sounding logs,
The fox forsakes the cover,
The woodcock pipes from fen and bog,
From upland leas the plover.

The speckled trout darts up the stream
Beneath the rustic bridges,
While flocks of pigeons glance and gleam
O'er beech and maple ridges.
The golden robin thrills his note
Among the mottled shadows,
The bob-o-link, with mellow throat,
Makes musical the meadows.

The peeping frog, with silver bells,
In rythmical oration,
Ring out a chime of treble swells
In joyous gratulation.
The low of kine is mingled with
The song of lark and sparrow,
And fallow fields are growing blythe
Beneath the plow and harrow.

The moon all night, serene and white,
On lake and stream is glowing,
While rippling fountains seek her light
Through woodland valleys flowing;
And all night long a low, sweet song
Sweeps o'er the misty hollow,
From marsh and fen, from hill and glen,
From brook, and field, and fallow.

It is the time of pleasant things,
When Love makes up his issues,
And hearts well up like hidden springs,
From rusted cells and tissues—
A time to hear at break of day
A silver-chorused matin—
A liquid fretwork in crochet—
An atmosphere satin—

A time to feast the soul, the eyes,
To watch each bird that passes,
And half surmise that birds are wise,
And men are only asses;
And then to turn and raise the load
With weary shoulders bending,
And take the old, well-beaten road,
That leads unto the ending.

THOUGHT.

Next to the good heart and clear conscience, is the clear head. Dull thinkers are always led by sharp ones. The keen intellect cuts its way smoothly, gracefully, rapidly; the dull one wears its life out against the simplest problems.

To perceive accurately and to think correctly, is the aim of all mental training, and—I had almost said—of life itself. But I will not say that. Heart and conscience are more than the mere intellect. Yet we cannot tell how much the clear, clean-cut thought, the intellectual vision, sharp and true, may aid even these. Some say that a man never feels till he sees, and when the object disappears the feeling ceases.

So we cannot exaggerate the importance of clear, correct thinking. We should eat, drink, sleep, walk, exercise body and mind, to this end. Just so far as we fail, we make dolts and idiots of ourselves. We cast away our natural armor and defence. The designing make us dupes; we are overreached by the crafty, and trodden under foot by the strong. Very likely there is a low murmur of conscience, too, for falling below its pure ideal. This adds a sharp sting to the shame of conscious dullness.

A man's great power in the natural world, among Nature's forces, water, steam and lightning, is not in his muscles, but in his brain. Any horse can pull harder, lift more, and endure longer than the most perfectly developed man. But a single human brain can control a nation of horses. It is for us, then, to look out for this. If we would share what has not only given Napoleons, Cæsars and Alexanders their power, but the great conquerors of natural forces as well—the Fultons and the Morses—let us look out for the brain, see that late suppers and indigestion do not rob it of vitality, that alcohol does not harden it, nor want of sleep goad it on to insanity; but that moral, honest living may render it the clear, strong, glorious thing it may become.—*Ill. Schoolmaster.*

A GOOD SCHOOLMASTER.—What a well assorted union of qualities is required to constitute a good schoolmaster! A good schoolmaster ought to be a man who knows much more than he is called upon to teach, that he may teach with intelligence and taste;—who has a noble and elevated mind, that he may preserve that dignity of mind and deportment without which he will never obtain the respect and confidence of families; who possesses a rare mixture of gentleness and firmness; a man not ignorant of his rights, but thinking much more of his duties; showing to all a good example, and serving to all as a counselor; not given to change his condition, but satisfied with his situation because it gives him the power of doing good; and who has made up his mind to live and die in the service of primary instruction, which, to him, is the service of God and his fellow-creatures.—*Guizot.*

WALKING STONES.—They have walking stones in Australia, and as we are informed, they have traveling stones in Nevada. Here is a discription:

They are almost perfectly round, the majority of them as large as a walnut, and of an irony nature. When distributed about the floor, table, or any other level surface within two or three feet of each other, they immediately huddle up in a bunch like a lot of eggs in a nest. A single stone removed to a distance of three and a half feet, upon being released, at once started off with wonderful and somewhat comical celerity, to join its fellows. Taken away four or five feet it remained motionless. They are found in a region that though comparatively level is nothing but barren rocks.

Scattered over this barren region are little basins from a few feet to a rod in diameter, and it is in the bottom of these the rolling stones are found. The cause of these stones rolling together is doubtless to be found in the material of which they are composed, which appears to be loadstone or magnetic iron.

SHARP PRACTICE ON A TOLL KEEPER.—A Lafayette minstrel, riding a pumpkin-colored sorrel, perpetrated a heavy sell on a toll gate keeper near Lafayette, one day last week. He rode up unobserved, and quickly turning his horse face about, directly opposite to the direction he wanted to go, called to the toll keeper, who by this time had come out: "How much to ——?" "Twenty cents," answered the toll keeper. "Too high!" replied the solitary horseman, "can't pay it. Guess I'll go back." He turned his horse about and proceeded in precisely the direction he wanted to go—the toll gater never dreaming of the sell.

THE GREEN SPOT.

The late Noah Winslow was fond of telling the following incident of his mercantile life, and he never closed the narration but with swimming eyes:

During the financial crisis and crash of '57, when heavy men were sinking all around us, and banks were tottering, our house became alarmed in view of the condition of its own affairs.

The partners—three of us, of whom I was the senior—met in our private office for consolation. Our junior had made a careful inventory of his bills receivable and bills payable, and his report was that twenty thousand dollars of ready money, to be held through the pressure, would save us. Without that we must go by the board; the result was inevitable. I went out upon the street, and among my friends, but in vain.

Two whole days I strove and begged, and then returned to my counting-house in despair. I sat at my desk expecting every moment to hear our junior sounding the terrible words, "your paper is protested!" when a gentleman entered my apartment unannounced. I could not locate him, nor call him to mind any way.

"Mr. Winslow," he said, taking a seat at the end of my desk, "I hear you are in need of money."

The very face of the man inspired me with confidence, and I told him how I was situated.

"Make your individual note, for one year, without interest, for twenty thousand dollars, and I will give you a check payable in gold for that amount."

While I sat gazing upon him in speechless astonishment he continued: "You don't remember me; but I remember when you were a member of the Superintending School Committee of Bradford. I was a boy in the village school. My father was dead; my mother was poor; and I was but a shabbily clad child, though clean. When our class came out on examination day, you asked the questions. I fancied you would praise and pet the children of the rich and fortunate parents, and pass me by.

"But it was not as I thought. In the end you passed by all the others and came to me. You laid your hand on my head, and told me I did very well; and then you told me I could do better still if I would try. You told me the way to honor and renown was open to all alike; no one had a free pass. All I had to do was to be resolved and push on. That, sir, was the turning point of my life. From that hour my soul was inspired, and I never have reached a great good without blessing you in my heart. I have prospered and am wealthy; and now I offer to you but a poor return for the soul's wealth you gave me in that bygone time."

"I took the check," said Winslow, "and drew the gold; and our house was saved. And where at the end of a year," he added, "do you suppose I found my note?"

"In possession," he said, with streaming eyes, "of my little orphaned grand-daughter! Oh, hearts like that man's are what bring earth and Heaven nearest together!"

THE WRONG MEANING.—When Mr. H—— was agent of the factories in Dover, N. H., a strict rule was adopted regarding late comers; the great gates were closed as the return bell ceased to ring, and the delinquents compelled to go through the counting-room passage, when a quarter of a day's time was deducted for their tardiness.

Some of the late ones lived so far away that it was almost impossible to get back in time, and therefore they suffered.

The superintendent was a pious man, and was wont to exhort in the meetings, nightly held, where the factory people attended.

On one occasion he was exhorting very earnestly, and calling upon his hearers to improve their time.

"Come," said he, "at once, while there is an opportunity for salvation; come before the great and awful gates are closed against you. My friends, what will you do when those gates are closed?"

"Go through the counting-room passage!" cried one from the rear. It was too much. All gravity was lost, and the appeal was a failure.

AN INTELLIGENT DRAKE.—The following is related by an eminent journalist: "A young lady was sitting in a room adjoining a poultry yard, where chickens, ducks and geese were disporting themselves. A drake came in, approached the lady, seized the bottom of her dress with his beak, and pulled it vigorously. Feeling startled, she repulsed him with her hand. The bird still persisted. Somewhat astonished, she paid some attention to this unaccountable pantomime, and discovered that the drake wished to drag her out of doors. She got up, and he waddled out quietly before her. More and more surprised, she followed him, and he conducted her to the side of a pond where she perceived a duck with its head caught in the opening of a sluice. She hastened to release the poor creature and restored it to the drake, who by loud quackings and beatings of his wings testified his joy at the deliverance of his companion.

WHAT ONE OUGHT TO KNOW.—Ruskin says: An educated man ought to know three things; first, where he is—that is to say, what kind of a world he has got into; how large it is, what kind of creatures live in it, and how; what it is made of, and what may be made of it. Secondly, where is he going—that is to say, what chances or reports there are of any other world beside this; what seems to be the nature of the other world. Thirdly, what he had best do under the circumstances; what are the present state and wants of mankind; what are the readiest means in his power of attaining happiness and diffusing it. The man who knows these things, and has his will so subdued that he is ready to do what he knows he ought, is an educated man; and the man who knows them not, is uneducated, although he could talk all the tongues of Babel.

A LITTLE boy of Hudson, New York, could not remember the text exactly, but thought it was "something like a hawk between two pigeons." It was "Why halt ye between two opinions?"

TRUE STORY OF ROBINSON CRUSOE.

Alexander Selkirk, a Fifeshire man, bred up to the sea, started off about the beginning of the last century on a voyage to America, half commercial and half piratical, in a way much in fashion in those days. Captain Stradling, the commander of the ship, having taken some offence at Selkirk, put him on shore on the uninhabited island of Juan Fernandez, with one day's food, a sea chest, clothes, bedding, a little tobacco, a few books and nautical instruments, some powder and ball, a gun, knife, ax, and a kettle or boiler. Thus was the lonely Scot, on a September day in 1704, left to shift for himself, on an island about eighteen miles long by six broad, and at least four hundred miles distant from the nearest mainland (the Pacific coast of South America.) When he recovered from the first feeling of dismay and despondency, he set to work and built two huts of pimento wood, one as a kitchen; he roofed them with long grass, and by degrees gave them a warm lining of goat skins. Strips of the same kind of wood supplied him with fire light, burning very clear and emitting an agreeable, fragrant odor. His chief food was boiled goat's flesh and crawfish, seasoned with pimento fruit, but sadly in need of a little salt, of which he had none save the brackish, bitter salt of sea water. When his clothes were worn out he made goat skin garments, using a nail for a needle, and narrow strips of bark or skin for thread. As for shoes, he soon learned to do without them altogether. Many cats and goats were found on the island; the former helped to scare away rats which at first were very troublesome; while the goats served him as playfellows and as a supply of food. While his ammunition lasted, he shot down the goats; when it was exhausted, he caught them by running; and so expert did he become that he could run down any of them. Once he fell over a precipice while thus engaged, and only escaped destruction by falling on the animal on the beach below. During his stay on the island, he appropriated five hundred goats to food and clothing, and set free another five hundred after marking them on the ears. (Thirty years afterward, when Anson's crew landed on the island, the first goat they shot was one of those which Selkirk had thus marked.) When his knife was worn out, he forged others from old iron hoops. Thus did the lonely man pass four years and four months; when in February, 1709, he was rescued by a vessel commanded by Capt. Woods Rogers. Although he had some difficulty in returning to the use of his speech, and in reconciling himself to the ship's provisions and usages, he gradually became fitted to act as mate to the ship, in which he returned to England in 1711.

Such was the true story of Alexander Selkirk, from which Defoe elaborated the "Adventures of Robinson Crusoe," and in which, it will be seen, there were no Indians and no man Friday.

LIFE NEAR THE SOUTH POLE.—Mr. Joseph Powel, Commercial agent of the United States at Port Stanley, Falkland Island, writes home as follows:

"You may be aware that this is the last sailing point next to the South Pole. Beyond this no vessel ever sails, and human footsteps are never seen. It is perpetual winter—snow every month in the year. The Islands are naked of tree and bush, and very little soil—high mountains and hills of volcanic rock over nine-tenths of the surface. Nothing of the grain kind is raised—no seed time or harvest. There are no animals except wild horses and cattle. Foxes and rabbits have been brought here and increase—much larger than those in the United States. No snakes, frogs, fleas, spiders, bedbugs, or insects of any kind. The wind blows all the time—often so strong that you cannot look out. The population, all told, does not exceed three hundred on all the islands, and are very poor. This is only an harbor for wrecks. Expenses are very high and living poor—no comforts of life whatever. Board and lodging annually $520. I'll come home first opportunity. I am distant from New York twelve thousand miles by sea. My voyage to my post of duty occupied one hundred and five days. I am thirty days' sail from Rio de Janeiro, two thousand five hundred miles beyond Chili and Peru, and six hundred miles off Cape Horn."

"WHEN DID YOU SHAVE?"—In one of the towns of Arkansas, a man had been drinking until a late hour at night. When he started for home, honest folks were in bed, and the houses were all shut and dark. The liquor he had taken was too much for him, and he did not know where to go. He at last staggered into an empty wagon-shed, and fell upon the ground. For a long time he lay in the unconsciousness of a drunken sleep, and would have frozen (for the snow on the ground showed the night to be very cold) had not others less insensible than himself been around him. This shed was a favorite rendezvous of the hogs, that rushed out when the new comer arrived, but soon returned to their bed. In the utmost kindness, and with the truest hospitality, they gave their biped companion the middle of the bed, some lying on either side of him, and others answering the purpose of a quilt. Their warmth prevented him from being injured by the exposure. Toward morning he awoke. Finding himself comfortable and in blissful ignorance of his whereabouts, he supposed himself enjoying the accommodations of a tavern, in company with other gentlemen. He reached out his hand, and catching hold of the bristles of a hog, exclaimed:—"*Why, mister, when did you shave last?*"

SINGULAR.—The Perry County *Democrat* says, Miss Mary Clark, daughter of Michael Clark, of this borough, who has not spoken above a whisper for nearly six years, suddenly recovered her voice the other day. It appears she had a violent spell of coughing, after which, to her great surprise, she found that her voice had been restored. Dr. Strickler had repeatedly encouraged her with the assurance that sooner or later she would recover her voice, and to her great delight his prediction has proved true.

JOSH BILLINGS'S PAPERS.

TITE BOOTS.

I would jist like tew kno who the man waz who fust invented *tite boots.*

He must hev bin a narrow and konktrakted cuss.

If he still lives, I hope he has repented ov hiz sin, or iz enjoying grate agony ov some kind.

I hev bin in a grate menny tite spots in mi life, but generally could manage to make them average; but thare is no such thing as making a pair ov tite boots average.

Yu kan't git an average on the pinch ov a tite boot, enny more than you kan on the bite ov a lobster.

Enny man who kan wear a pair ov tite boots, and be humble, and penitent, and not indulge in profane literature, will make a good husband.

He will do more than that, he will do to divide up into several fust klass husbands, and be made to answer for a whole naberhod.

Oh! for the pen ov departed Wm. Shakespear, to write an anathema against tite boots, that would make anshunt Romo wake up and howl agin, az she did once before on a previous okkashun.

Oh! for the strength ov Herkules, to tare into shu strings all the tite boots ov creashun, and skatter them to the 4 winds of heaven.

Oh! for the buty ov Venus, tew make a bigg foot look hansum without a tite boot on it.

Oh! for the payshunce ov Job, the Apostle, to nuss a tite boot and bless it, and even pra for one a size smaller and more pinchful.

Oh! for a pair ov boots big enuff for the foot ov a mountain.

I hav bin led into the above assortment ov "Oh's" from having in my possession, at this moment, a pair ov number nine boots, with a pair of number eleven feet in them.

Mi feet are az a dog's noze the fust time he wears a muzzle.

I think mi feet will eventually choke the boots to death.

I live in hopes they will.

I supposed I had lived long enuff not to be phooled agin in this way, but I have found that an ounce ov vanity weighs more than a pound ov reason, especially when a man mistakes a bigg foot for a small one.

Avoid tite boots, mi friends, as you would the devil; for many a man has caught for life a fust rate habit ov swearing by encouraging his feet to hurt his boots.

I have promised mi two feet, at least a dozen ov times during mi checkured life, that they never should be strangled agin, but I find them to-day az full ov pain az the stumank ake from a sudden attack ov tite boots.

But this is solemnly the last pair ov tite boots I will ever wear; I will hereafter wear boots az big az my feet, if I have to go barefoot to do it.

I am too old and too respectable to be a phool enny more.

Eazy boots iz one of the luxuries ov life, but I forgit what the other luxury iz, but I don't kno az I care, provided I can get rid ov this *pair* ov tite boots.

Enny man kan hav them for seven dollars, just half what they kost, and if they don't make his feet ake wuss than an angle worm in hot ashes, he needn't pay for them.

Methuseles iz the only man that I kan kall to mind now who could have afforded to hav wore tite boots, and enjoyed them; he had a great deal ov waste time tew be miserable in, but life now days iz too short, and too full ov aktual bizziness to phool away enny ov it on tite boots.

Tite boots are an insult to enney man's understandings.

He who wears tite boots will hav to acknowledge the corn.

Tite boots have no bowels of mercy, their insides are wrath and promiskious cussing.

Beware of tite boots.

CENSUS.

The census taker may soon be looked for. In order to facilitate his work, it is suggested that the following questions be published in advance:

How old are you?

Where were you born, and when, and were you present on the occasion of your birth?

Were you ever elected Inspector of Elections? What was your majority, and what did it cost you?

Are you a married person and how do you like the institution?

Have you any children, how many, and what is a certain remedy for snuffles?

Do you grow any corn, if so, how much do you waste in making bread?

What's your opinion of Lager Beer? How many glasses can you drink, and with what effect?

What is your opinion of oats—a very popular provender for men and beasts?

What is the cash value of a one dollar bill?

Were your father and mother both white men?

Can you stand on your head, and how long? If a good while, how much longer if necessary?

If an acre of ground will yield one hundred bushels of ruta bagas, how many glasses of lager will it take to require a man to draw a bee line?

If your family eats a ham in three days, how long will it take them to eat a couple of hammers?

Can you lend me five dollars?

MARK TWAIN has had his fortune told, by a celebrated star gazer, and here is the result. Mark says if she has hit the future as well as she has the past, his happiness is complete:

"Yours was not, in the beginning, a criminal nature, but circumstances changed it. At the age of nine you stole sugar; at fifteen you stole money; at twenty you stole horses; at twenty-five you committed arson; at thirty—hardened in crime—you became an editor.—Since then your descent has been rapid. You are now a public lecturer. Worse things are in store for you—you will be sent to Congress; next to the penitentiary; and then, finally, happiness will come to you again—all will be well—you will be hanged."

ESTABLISH yourself on the broad and sound basis of *integrity*: conduct your business with intelligence and judgment.

BAD TASTE—Pretty young girls kissing widowers' children.

CUTE YANKEE TRICK.

A Connecticut broom peddler, a shrewd chap, from over among the steady habits, wooden clocks, school masters and other fixins, drove through the streets of Providence heavily laden with corn brooms. He had called at several stores and offered his load, or ever so small a portion of it; but when he wanted the cash, and nothing else, in payment, they had uniformly given him to understand that they had brooms enough, and that he might go further. At length he drove up to a large wholesale store on the west side, and once more offered his wares.

"Well, I want the brooms badly enough," said the merchant; "but what will you take in pay?"

This was a poser. The peddler was aching to get rid of his brooms; he despised the very sight of his brooms; but he would sooner sell a single broom for cash than the whole for any other article—especially that which he could not dispose of as readily as he could brooms. After a moment's hesitation, however, he screwed his courage to the sticking point—it required some courage, after having lost his chance of selling his load half a dozen times by a similar answer—and frankly told the merchant he must have cash. Of course the merchant protested that was scarce, and that he must purchase, if he purchased at all, with what he had in his store to pay with. He really wanted the brooms, and he did not hesitate to say so; but the times were hard, he had notes to pay, and he had goods that must be disposed of. Finally, he said he would put goods at the cost price, for the sake of trading, and would take the whole load of brooms which the peddler had labored so unsuccessfully at the other stores to dispose of.

"So unload the brooms," said he to the man from Connecticut, "and select any articles from my store, and you shall have them at cost price."

The peddler scratched his head.—There was an idea there, as the sequel shows plainly enough.

"I tell you what it is," he answered at last, "just say them terms for half the load, and cash for t'other half, and I'm your man. Blowed of I don't sell out, if Connecticut sinks, with all her broom stuff, the next minnit."

The merchant hesitated a moment, but finally concluded the chance a good one. He would be getting half the brooms for something that would not sell as readily; as for the cost price, it was easy to gammon in regard to it. The bargain was struck, the brooms were brought in, and the cash for half of them was paid over.

"Now, what will you have for the remainder of your bill?" asked the merchant.

The peddler scratched his head again, and this time more vigorously. He walked the floor, whistled, and drummed with his fingers on the head of a barrel. By and by his answer came—slowly, deliberately and emphatically.

"You Providence fellers are cute; you sell at cost, pretty much all of you, and make money. I don't see how it's done. Now, I don't know about your goods, barrin' one article, and ef I take anything else I may be cheated. So seein' as 'twont make any odds with you, I guess I'll take brooms. I know them like a book, and can swear to just what you paid for 'em."

And so saying, the peddler commenced reloading his brooms, and having snugly deposited half in his cart, with a regular Connecticut grin, and leaving the merchant cursing his impudence and his own stupidity, drove off in search of another customer.

FACTS IN AGRICULTURE.

All permanent improvement of land looks to lime for its basis.

Periodical applications of ashes tend to keep up the soils.

All grain crops should be harvested before perfectly ripe.

To manure or lime wet land is to throw manure, lime and labor away.

Clover as well as grasses intended for hay, should be mowed when in bloom.

Shallow ploughing operates to impoverish the soil, while it decreases in production.

Punctuality in engagements is as necessary to the agriculturist as it is to a merchant.

Deep ploughing greatly improves the productive powers of every variety of soil that is not wet.

Subsoiling sand land that is not wet, is eminently conducive to an increased production.

Always provide an equivalent for the substances carried off the land to the products grown thereon.

The chopping or grinding of grain to be fed to stock, operates as a saving of at least 25 per cent.

A bushel of plaster per acre, sown broadcast over clover, will add one hundred per cent. to its produce.

"WHAT DID HE SAY, LYDIA?"—Good old Mrs. Call was very hard of hearing, being somewhat advanced in years. Her daughter Lydia was a blooming lass, who loved a good frolic and knew well how to get one up. Lydia had arranged a junket, and the young men and maids were all on hand. In the midst of the fun in popped old Deacon ——, to see how the widow fared. This was a wet blanket to the merriment, and Lydia was out of all patience. She wished he would go, and by and by he gets up to depart.

"Oh, deacon," said Mother Call, "don't think of going before tea."

The good deacon, so strongly urged, replied:

"Well, I rather think I will, as the folks will not expect me home till dark."

"What did he say, Lydia?" asked the old lady. Lydia had a ready answer:

"He says he will not to-day, mother, as the folks expect him home before dark. Why how deaf you are, mother."

"O well, some other day, deacon, won't you?" said Mother Call, as she showed the deacon out.

"Smart girl, that," said the old deacon, as he trudged along home. "She'll find her way through, I'll warrant."

THE young man in Connecticut who kissed the girls at the station, thinking they were sisters, has come to grief. He saw a finely dressed *female* at New Haven, quietly walked up to her, embraced and kissed her, when he was greeted with, "Golly! what you 'bout dar?" and beheld one of Africa's darkest brunettes. He retreated amid a thunder of applause.

"TICKETS, sir," said a railroad conductor, passing through one of the trains the other day, to a passenger. "My face is my ticket," replied the other, a little vexed. "Indeed," said the conductor, rolling back his wristbands and displaying a most powerful bunch of fives; "well, my orders are to punch all tickets passing over this road."

FRIDAY, MAY 13, 1870.

A GENERAL election just held in France sustains the Emperor Napoleon by a majority of more than five millions. Paris voted against, but the country districts went almost unanimously for him.

THE House Committee on Elections have agreed to allow Hon. Henry D. Foster, of Pennsylvania, who contested the seat of John Covode, $3,000 for his expenses. They knew he was entitled to the seat, and thus "compromised with their consciences."

THE great universal sentiment of American white men about the negro is no prejudice, but an instinctive and natural feeling implanted by nature, for the preservation of the purity of the white race, and the forms of freedom and civilization which they alone are able to maintain and perpetuate.

IN New York, on Sunday evening, a colored preacher delivered a harangue on the duties of his race under the new citizenship. He demanded among other things, "equal school rights," that distinctive colored schools be abolished, and that white and black children be made to sit together in all the public schools.

GOV. GEARY has appointed a negro named Ulysses B. Vidal, a Notary Public for the city of Philadelphia. This is the first appointment of a negro to office in Pennsylvania, but it will not be the last if the Radicals remain in power. Stand back, white trash, Sambo is your master now: thanks to the "Republican" party!

MCFARLAND ACQUITTED.—The long drawn out trial of McFarland, for the killing of Richardson, in New York, was brought to a close on Tuesday last. The jury, after being out about three hours, returned a verdict of "not guilty." This result was generally expected. The ground of acquittal was the insanity of McFarland at the time of the shooting.

A HUNGRY SET. They are rather a hungry set of Radicals in Indiana county. There are about fifty applicants for the position of Assistants to the Marshal to take the census of that county.—*Welcome.*

We heard of a more ravenous degree of "hunger" than that. It is said that the number of applicants in this small county is about *seventy five*—ten or a dozen from York Springs alone.

CONNECTICUT. Hon. James E. English was inaugurated, on the 4th inst., as Governor of Connecticut. The display on the occasion was unusually imposing. The Governor's inaugural has the ring of the true Democratic metal, denouncing as it does the adoption of the Fifteenth Amendment as the work of chicanery and force, and as revolutionary and subversive of local government.

IN the face of an infamous Registry act, and in opposition to a united negro vote, the Democrats carried the city of St. Louis, on Tuesday week, by two hundred and fifty majority—another evidence of the decline of the Radical party. Pharaoh and his hosts were swallowed by the insatiate waves of the Red Sea. Grant and his party will be engulphed by those of the *Black* Sea.

THE Radicals expect to carry Maryland at the next election by the votes of negroes. At the last election, the Democrats polled seventy thousand votes, and the Radicals thirty-five thousand votes, and it is claimed that there are negro votes enough in the State to overcome that difference. But those who lay that "flattering unction to their souls" overlook the fact that, owing to the one-sided aspect of the last election in Maryland, more than thirty thousand white men did not vote. When the next contest comes, and the negro is expected to hold the balance of power, white men will toe the mark *en masse*, and Maryland will remain in the white man's column. "De year of Jubilo" is not so near in Maryland as the Radicals hope.—*Age.*

DEMOCRATIC PAPERS.—We again call attention to the fact that a more free circulation of Democratic papers among the people must be to their benefit as well as to that of the party. Why should any farmer be without his own county paper? Why should any Democrat, for the small amount of TWO DOLLARS per year, deny himself the pleasure of reading a news-paper at least once a week? In fact, most of our farmers should take two or three papers, and no one is so poor but that one paper at least could be taken in a family. We hope that the question of news-paper circulation will be taken in hand by the different active Democrats in each locality and worked up until every Democrat in Adams county will have a paper sent to his address. Look to it at once, for the whole question depends upon the proper enlightenment of the people upon the issues before them.

IT is now conceded that an Indian war is imminent exceeding in magnitude any that has occurred since the termination of the Florida struggle and the subjugation of Billy Bowlegs. The Indians with whom trouble is anticipated are Sioux and Cheyennes and they have about eight thousand well-armed and well-mounted warriors. General Parker Commissioner of Indian Affairs, is satisfied that the savages are bent on war, and it is his opinion that it will be the most destructive and expensive Indian war we have ever had if once commenced. He estimates that every one of the warriors has at least ten ponies, and with these will not break down in their effectiveness as our cavalry do from want of horses to change with. He states that they can raise altogether about twelve thousand warriors; that the Sioux alone number a population of about thirty thousand people in Dakota, and that these, with their allies, were never in better condition to give us trouble. The arms and ammunition used by these savages are procured from agents of the Hudson Bay Company, and they are led, drilled and disciplined by Indians who served either in the Federal or Confederate forces during the late war. A body of warriors thus armed and marshaled will give the authorities considerable trouble, and the movement should be nipped in the bud. The troops can be so stationed and distributed as to make a union of the Indians impossible, and without concert of action they can accomplish nothing.

HON. WILLIAM MONTGOMERY, ex-member of Congress, died at his residence, in Washington, Pa., on Thursday evening week.

THE PEOPLE'S VERDICT.

The recent elections PROVE that the Fifteenth Amendment has been forced through in opposition to popular sentiment. In nearly all quarters the same verdict of condemnation is rendered by the people.

The State of Connecticut, which had given a large majority for Grant and which last year elected the Radical State ticket, first repudiated the proposed political coalition of negroes and mean whites, and the New York and New Jersey local elections echoed the voice of Connecticut.

The city of St. Louis, was carried, the other day, by the Democrats, by a majority of 317. The usual Radical majority in that city is about 3,000.

In Fort Wayne, Columbus, Madison and Terre Haute Indiana, elections were held on Tuesday week, which were carried by the Democrats, by majorities largely increased over those of last year.

It has been the boast of the Radicals for some time that the negro vote would give them Delaware, Maryland and Kentucky. But the result of local elections held recently in those States, shows that they have reckoned without their host.

A few weeks ago an election for a member of Congress to fill the vacancy occasioned by the resignation of Mr. Golladay, was held in the Third District of Kentucky. The Democratic candidate was elected by a majority exceeding 3,000.

At New Castle, Delaware, on Tuesday week, the Democratic ticket was successful by a handsome majority, more negroes than whites voting the Radical ticket.

At Westminster, just across the line, the Democratic ticket for Mayor and Council was elected, a few days ago, by majorities ranging from 21 upwards. The negroes, numbering fifty, voted the Radical ticket. Last year, when the negroes did not vote, the Democrats were beaten by a small majority.

It is evident that the great body of the people look upon the negro-voting amendment with disfavor, and will, sooner or later, say so at the polls. The disgusting coalition between blacks and whites which the Radical leaders are seeking to bring about (to secure their own selfish aims) will never be popular and the party which forms it must suffer, if not go down. The negro pill is becoming *too* bitter.

"WHITE MEN MUST RULE."

This appears to be the motto of every white man worthy the name of an American citizen. Let it be emblazoned on our banners, and serve as a text for our speeches and our meetings. This negro mania that is now rampant in our land will soon die out. Like Know Nothingism, in a couple of years there will be none to do it reverence, and the very men who are now making speeches in favor of negro equality, will deny their *colors* and declaim against the infamous doctrines they pretend to defend. The WHITE MAN'S PARTY will triumph finally. Courage, Democrats! White men—men of honesty—true Americans will ere long be at the head of affairs in our once glorious but now disgraced country. In the language of that able defender of the people's rights, the Bellefonte *Watchman*, we say come one, come all who feel like keeping negroes from our places of public trust, and join the glorious WHITE MAN'S PARTY. Too long already have ye reposed in fancied security. Years ago this thing should have been strangled in its swaddling clothes, but ye dreamed a dream of peace, and now you are surrounded by your enemies, who wait, with ropes in their hands, to bind ye hand and foot. But it is not yet too late. The "Old Guard has never yet surrendered," and it will form the nucleus of a mighty army to break the ranks of the hordes that threaten us, and restore to the people the pristine purity of their institutions.

With the white men of the country united, Radicalism, with its negroes and its deadly purposes, will be overthrown. Who will not aid this mighty this glorious work? Are not the people tired of the party and will they not aid us to stay the impending ruin? Shall negroes be Senators and Representatives and Judges and Jurymen? Shall white men be hauled up before negro magistrates, and the laws of the land be crippled and enfeebled by the silly interpolations of negro legislators? White men, for the sake of your children, for the honor of the past and by your hopes of the future, we charge you to crush this evil now.

There is hope for the country, and joy for the people in the binding together of white men for the good of white men—aye, for the good of ALL. Let us not allow the negroes to hold the balance of power, as the Radicals fondly hope they will, and all may yet be well. For the sake of the country and our race, break the bonds of party fealty and cling to the rock that offers us safety from the storm.

Three cheers, then, for the White Man's Party! Let this be the slogan with which the people will hereafter march to victory, and at the sound of which the enemies of the country and their negro allies will flee in great affright.

HAIL STORM AT PHILADELPHIA.—A very destructive hail storm visited Philadelphia on Sunday afternoon last, about 2 o'clock. For nearly thirty minutes there was a continuous fall of hail. The damage to churches, stores and private dwellings was very great, variously estimated at from $1,000,000 to $3,000,000, and exceeding that of the storm of 1867. The Continental Hotel and Bingham House were wrecks so far as window glass was concerned.

The largest of the hailstones measured eleven inches in circumference and weighed seven ounces. Many serious accidents happened from runaway horses. A hearse, about starting with the coffin of a child, was broken, and several carriages shattered by collision with it. The coffin was conveyed to the cemetery in a carriage.

A NATIONAL SCHOOL-ROOM SCENE.—Instructor Sumner—Highest class in Republicanism, stand up. Give me the grand result of five years of war, half a million of dead, two hundred and fifty thousand maimed men, and twenty five hundred millions of debt.

Class—(all at once, with enthusiasm)—A negro United States Senator!

Instructor—Right, my children—you may resume your studies on taxation.

IT is said that Brigham Young is looking to northern Mexico, for a home for his people in case they are driven from Utah, by operation of laws against their peculiar institution. The fact that the Mormon Prophet and leader has been in all the indicated region for some time, gives color to the report.

—It is said that eating raw onions will cure the hydrophobia. If they will cure the negrophobia we know some Radicals who should commence on a bushel to start with.

PENNSYLVANIA STATE SUNDAY SCHOOL ASSOCIATION.—The Annual Convention will be held at Harrisburg Tuesday, Wednesday and Thursday, June 14, 15, and 16. George H. Stuart, Esq., is expected to preside. Each Sunday school in the State is requested to send two or more delegates. Pastors and Sunday-school workers are also invited to attend and participate. It is requested that the names of those who expect to attend shall be sent to Rev. Thomas H. Robinson, D. D., Chairman, or John M. Syford, Esq., Secretary, of the local committee of arrangements at Harrisburg, on or before the first day of June, so that places of entertainment may be provided.

Secretaries of county organizations are requested to immediately send their address to the State Secretary, Lewis D. Vail, Esq., 703 Sansom Street, Philadelphia, so as to receive printed details. Where there is no organization, the Secretary wishes to correspond with some earnest Sunday-school worker, and requests that his or her name be forwarded to him.

NEGROISM is splitting the Radical party of Washington into fragments. Bowen, the present Mayor, by using the corporation funds to feed and clothe idle, vagabond negroes, has been renominated. But he is opposed by Emery, independent Radical, and Richard, bolting Radical. These men think it is time something should be done for white people. They are tired of being pushed aside by Sambo on all occasions. This created the division. Besides, men who own property in Washington are taxed in the most ruinous manner. They want relief, and are ready to defeat Bowen, who is the leader of the corruption party. The contest will be interesting, and at the proper time the rifles of the Democracy will be heard upon the field.—*Age.*

NOTWITHSTANDING the call which has been steadily made upon Congress to do something to give the country a sound currency, the New York *Post* (Republican) now admits that it is plain that the present Congress will do nothing to hasten the day of resumption. The question goes again to the people, and it will be for them to see, in selecting their members of Congress, that sounder views shall prevail in Washington next winter.

SHERIDAN'S truculent endorsement of the massacre of the Piegan babies does him no good anywhere. The Baltimore *Statesman* says of it: "This is the way that third class military men are accustomed to talk. They never permit the public to forget that they are men of war. Sheridan, in particular, seems ambitious of a reputation for ferocity, which, even if deserved, does not imply any superiority either of courage or military skill."

MASTERY over the minds of others is never obtained by those who do not know their own mind. But when a fixed end is kept distinctly in view, and steadily and firmly sought, this always gives confidence to weaker natures, and supplies direction to subordinate help.

Local Department.

TOWN COUNTY AND SURROUNDING COUNTIES.

Hail.—There was a slight fall of hail here on Wednesday evening. No damage.

Suicide.—Peter Faust, of Manchester township, York county, week before last, committed suicide by hanging.

Dedication.—On Sunday, May 22d, St. David's Church, recently built in West Manheim township, York county, will be dedicated. Several ministers will be present.

New Office.—A new Post-office has been established at "Latimore," Adams county, on the route from York Springs to Carlisle, and John C. Warner appointed Postmaster.

New Oxford Building Association.—The charter for the New Oxford Building Association has been lifted, and an organization will be effected at an early day. Its success in that thriving region cannot be doubted.

Tavern License.—The Court on Monday granted tavern license to Conrad Wagner, of Mountpleasant township. The application of Geo. W. Rex, of Idaville, will again be considered on the 24th.

The Entertainment at Boyd's Schoolhouse will not be given until Saturday evening, May 21st; and should the weather be then unfavorable, it will be postponed until the following Saturday evening, May 28th.

Trouting.—We are told that Messrs. Hoppes and Bell, of the Gettysburg Springs Hotel, caught one hundred and fifty trout in the neighborhood of Graeffenberg, the other day. A very big catch for these parts.

School Directors.—It is now said that the last Legislature did not pass a bill to change the manner of electing School Directors. Such a bill was introduced by Mr. Beans, of Bucks, but it did not pass either branch.

Re-conveyed.—The Strommell farm, near this place, has been re-conveyed to him by Messrs. Hamilton & Emerson, of New York. The latter lose the $2,500 paid upon the purchase, but retain, we understand, the right to one of the springs on the property.

Pastoral.—Rev. C. J. Ehrehart, of this place, having resigned his position at the head of the Preparatory Department of Pennsylvania College, has received a call from the Lutheran church at Greencastle. It is thought he will accept. Salary $1,000.

Dividends.—The Hanover Saving Fund Society has declared a dividend of eight per cent., clear of all taxes, for the last six months.

The Hanover Branch Railroad Company has declared a dividend of five per cent., clear of all taxes, for the same time.

New Barns.—Michael Fiscel, William Cownover and John Spangler are putting up large bank barns in Mountjoy township; James McCullough another in Cumberland township, and Cornelius Hartzel another in Highland township, near "Glenwood Mills."

Election.—The following gentlemen were recently elected officers of the York and Gettysburg Turnpike Road Company: President, Joseph Smyser; Treasurer, J. Carl; Managers, Samuel S. Hersh, H. Nes, Charles Spangler, George Swope, Wm. D. Himes, J. H. McClellan. A dividend of $2 per share of stock has been declared.

Officers Elected.—The following gentlemen have been elected Directors of the Littlestown Savings Institution for the ensuing year: Joseph L. Shorb, Samuel Schwartz, Moses Hartman, Wm. Rider, Ephraim Myers, George Stonesifer, and Levi D. Maus.

The following gentlemen have been elected officers of the Littlestown Railroad for the coming year: President, Ephraim Myers; Directors, Joseph L. Shorb, Wm. McSherry, Enoch Lefevre, Levi D. Maus, George Stonesifer, and Henry Wirt.

Burglary.—The confectionary establishment of Mr. B. W. Ziegler, at York Springs, in this county, was burglariously entered on the night of the 28th ult., through a window. Mr. Ziegler keeps the Post-Office in the same room, and is also Treasurer of the School Board. Nothing of consequence in the Post-Office was disturbed, but $17 of the School fund were taken, besides $10 from the drawer, and about $13 worth of confections.

General Assembly.—The next General Assembly of the Presbyterian church will be held in Philadelphia, to open on the 19th instant. Among the Commissioners already elected are Rev. Dr. Wm. M. Paxton, of the Presbytery of New York, Rev. Dr. James C. Watson, of the Presbytery of Northumberland, Rev. Dr. Oliver O. McClean, of the Presbytery of Huntingdon, and Rev Dr. Joseph B. Bittinger, of the Presbytery of Allegheny. Rev. Dr. Creigh and Rev. Wm. Wert are the Commissioners from the Presbytery of Carlisle.

Recovered.—The horse recently stolen from Mr. John Hostetter, in Conowago township, this county, has been recovered. Detective Rouzer, in company with Mr. Hostetter, went to Baltimore in search of the horse and thief, and whilst there discovered that a horse had been abandoned on the York pike near that city, in broad day-light, the rider taking to the fields and disappearing in the woods. A Mr. Engelsole took up the animal as a stray, and when claimed by Mr. Hostetter, handed him over, on payment of $12 for his keeping. Mr. Rouzer thinks the thief is a German from York county, who has already served a term in the penitentiary.

Gettysburg Building Association.—The annual election for officers of the Gettysburg Building Association was held in the Court-room on Saturday evening last. The old officers were re-elected without opposition, as follows:

President, Dr. E. G. Fahnestock; Vice President, W. A. Duncan, Esq.; Secretary, Jno. F. McCreary; Treasurer, John Culp; Attorney, W. A. Duncan, Esq.; Directors, Dr. J. W. C. O'Neal, A. J. Cover, Esq., John Rupp, David Kendlehart and Wm. F. Atkinson.

The Directory reported 219 shares redeemed in the First Series, (three years,) and 147 in the Second Series, (two years;) paid in on each share in the First Series $78—present value $109 52; paid in on each share in the Second Series $52—present value $73. 52. Average premium for the last six months in the First Series 12¼ per cent.; in the Second Series 17½ per cent.

Burglaries—Arrest.—On Friday morning week, the hotel of Mr. Francis J. Wilson, in Abbottstown, this county, was entered by burglars. At about two o'clock, A. M., Mr. Wilson arose to have breakfast prepared for a guest who desired to leave early in the morning. Finding the time not as late as he expected, he sat down, intending to wait awhile before calling the cook. Presently he heard the door open which leads to the cellar from the dining room, and upon going there was confronted by a man who struck him a sudden blow in the face with a brick. Mr. W. called for help, when he was again struck, and fell to the floor unconscious. The burglars then made off, but with nothing of much value.

On Friday night an entrance was also effected into the residence of Mr. Samuel J. Brady, at Paradise Chapel, a short distance from Abbottstown, and among other articles stolen were four hams, a lot of apples, pies, a bottle of wine, and a small sum of money, the latter secured by breaking open a desk.

The next night the thieves visited Mr. Klinepeter's premises, adjoining the Chapel farm, and stole a roll of twelve pounds of butter from his huckster wagon.

Much excitement prevailed in that locality on account of these repeated burglaries and thefts, and Detective Rouzer was informed accordingly. He at once went down and commenced "working up the case," and on Friday last arrested Jacob Harman as being one of the guilty parties. Harman was taken before Esquire Bittinger, who committed him to jail, where he now is.

Common Pleas Court.—An adjourned Court for the trial of civil suits has been in session here since Monday—President Judge Fisher and Associate Judges Kuhn and McCurdy on the Bench. The following cases have been tried thus far:

Anthony E. Roberts, O. J. Dickey and Edward McPherson, Executors of Thaddeus Stevens, deceased, vs. Christian Bomberger, George Gochenour, Jacob Bomberger, George Kriner, John Rexrode, John Beamer, Jr., Samuel McKenrick, Jr., Sylvester Warren, John Orison, Michael Gallagher, John Kelly and Daniel McDannell.—Summons in Ejectment, a tract of mountain land being involved. Verdict for the Plaintiff for 823 acres and 74 perches of land.

Jesse Kohler, Executor of Magdalena Kohler, deceased, vs. Jeremiah Kohler, Executor of Philip Kohler, deceased.—Summons in Trespass on the Case. Verdict for Plaintiff for $606 20; but if the Court should be of opinion that the record of the Lancaster county court is conclusive of the state of the title of the parties, the jury find for the Plaintiff $202 08.

Eli Horner vs. J. C. Neely, Administrator of William McKinney, deceased. Attachment in Execution for debt, interest and costs. Agued on a case stated.

Martin E. Stambaugh vs. Joseph Shireman and John Kline.—Capias in Trespass. On trial.

Breaking Ground.—Monday last was a lively day at Littlestown, in this county. The contract for the grading and bridging of the extension of the Littlestown Railroad to the Maryland line, (two and a half miles,) having been awarded to Mr. Cyrus Diller, of Hanover, he determined to commence work on that day. Our Littlestown friends concluded that the occasion should be signalized by some fitting demonstration, and right well did they accomplish the purpose. The Brass Band was brought out, and a large number of the people of town and vicinity assembled. The ceremony of breaking ground took place at Wintrode's hill, a short distance beyond the borough limits. Felicitous speeches were delivered by Ephraim Myers, Esq., President of the Littlestown Railroad Company, Hon. William McSherry, its Secretary, and Mr. Diller, the Contractor. The importance of the work was alluded to by the speakers, and the friends of the Frederick and Pennsylvania Line Railroad congratulated upon the prospect of its early completion, this link connecting it with the Littlestown, Hanover Branch and Northern Central roads—and President Myers concluding with the proud declaration that "the Atlantic and Pacific would thus be united." It must have been a pleasant affair.

The work of grading is now being pushed with vigor, and will be completed during the summer.

More Railroads.—Work has been commenced on a Railroad starting at Marion, on the Cumberland Valley Railroad, five miles south of Chambersburg, and running by way of Mercersburg and Loudon to Path Valley. Berks county capital is building it, to get at the vast beds of iron ore in Path Valley.

Grading has also been commenced upon a Railroad from Mt. Alto Iron Works to some point on the Cumberland Valley Railroad between Chambersburg and Scotland. The Cumberland Valley Company has agreed to endorse the bonds to the extent of $200,000, the same amount it endorsed for the South Mountain and Southern Pennsylvania Railroads.

It is considered quite likely that the Gettysburg Railroad will soon be sold, and that it may fall into hands able to extend it eastward to York and southwestward to Hagerstown. Should this idea be realized, the long dead "Tapeworm" would be brought into use, and one of the best railroads in the country secured.

Railroad matters are certainly looking up in the southern tier of counties.

Arrested.—On Sunday last, Detective Rouzer arrested three suspicious characters at Seven Stars, on the Chambersburg Turnpike. They gave their names as Lewis Sleisinger, of Baltimore, and George Becker and Lewis Goldman, of Philadelphia. They were in this place the day before, offering to leave watches, jewelry, &c., in pledge for certain sums of money, and from all their movements Mr. Rouzer concluded they were swindlers. He therefore arrested them as stated, and found upon their persons half a dozen watches and several sets of jewelry. He lodged them in jail, but they were subsequently released for want of direct testimony.

Will Close.—The Dollar Store will close in a few days, so that all who intend to avail themselves of this opportunity to buy the cheapest articles ever offered in Gettysburg, must call soon. Let all try to get there by Tuesday next, as there is no telling whether Mr. Auerbach will remain longer or not. Come with a rush. Bargains are plenty, and all can be accommodated. Town and country invited. 1t

Grand Encampment Visitation.—The officers of the Grand Encampment of the Independent Order of Odd Fellows of the State visited Subordinate Encampments in Lancaster, Dauphin, Cumberland, Franklin and Adams counties last week. After a very hospitable and somewhat imposing reception at Chambersburg on Friday evening, they started for this place in a hack on Saturday, arriving here for dinner. The party consisted of Messrs. Jno. W. Stokes, Grand Representative; John S. Heiss, Treasurer of the Grand Encampment; George Bertram and Wm. H. Trimnick, Past Chief Patriarchs; and James B. Nicholson, Grand Scribe and Grand Secretary—all of Philadelphia.

After dinner the visitors were escorted in hacks over the battle-field, reaching the principal points, and in which they seemed much interested; and in the evening, at 8 o'clock, they appeared at the hall of "Union Encampment," for the purpose of making a visitation. They were received with all the honors due their positions.

During the session a number of very happy speeches were made, Mr. Stokes leading off, and imparting much interesting and valuable information as to the work and progress of the Order. He was followed by Mr. Heiss, Mr. Trimnick, Mr. Bertram, and Mr. Nicholson, the latter dwelling more particularly on the principles of the Order—an effort of great beauty and power, and demonstrating the ardor of his devotion to the principles advocated. Mr. Trimnick exemplified the unwritten work, in which he is very thoroughly posted. Messrs. J. L. Schick, D. A. Buehler, N. Weaver and others, spoke in response, their remarks having reference mainly to the prosperous condition of Odd Fellowship in this county.

The Encampments at York Springs and Hanover were represented at the meeting, the members of the last-named coming in a special train.

The Grand Officers left on the train for York on Monday morning, pleased with what they saw here and the attentions paid them. The membership will long remember the occasion with grateful feelings.

These official visits will no doubt result in much good to the organization, and their occasional repetition cannot but be desired by all concerned.

Rebellion in Dickinson College.—There it is, just as we expected! We always knew the "Fifteenth Amendment" would breed trouble, and now here is Dickinson College shaken "from turret to foundation-stone," and all about the parade of our "colored fellow-citizens" on Tuesday last. Who will pretend to say, after this, that Sambo is not a power in the country? The boys wanted to see the parade, and to this reasonable request we presume the faculty made no opposition. The parade ended shortly after two o'clock; but the minds of the young gentlemen became so greatly excited over the absorbing question of human rights and political equality that the members of the Junior and Sophomore classes memorialized the Profs. to whom they were to recite at 5 o'clock, to that effect, and requested to be relieved from the afternoon's recitation. This request was not acceded to, and therefore these classes resolved to stay out of the recitation rooms. The absentees were marked accordingly, and a certain number of demerit marks were charged up against them. When this became known, the classes held meetings to express their pent up indignation at the conduct of the faculty, and resolved to take no part in College exercises until the wrong was righted. The faculty, therefore, suspended some of the members of each class, and notified the others that unless they resumed attendance upon College duties by Monday, they would be suspended until the opening of next session; and if after suspension, they did not leave Carlisle for their homes within twenty-four hours, they would be expelled. The students declined to comply, and many of them have left for their homes. The number dismissed amounts to about forty.—*Carlisle Volunteer.*

Protection of Timber Lands.—There was a bill before the Legislature last winter for the better protection of timber lands against fire. We cannot say whether it passed both Houses or not. A cotemporary says it did. The bill is subjoined:

Whereas, It is important to the people of the State that timber lands should be protected from fire, which, owing to malicious conduct and carelessness of individuals, is causing vast havoc to the young growing timber, especially upon our mountains; therefore,

Section 1. Be it enacted, &c., that it shall be the duty of the Commissioners of the several counties of this Commonwealth to appoint persons under oath whose duty it shall be to ferret out and bring to punishment all persons who either wilfully or otherwise cause the burning of timber lands, and to take measures to have such fires extinguished where it can be done, the expenses thereof to be paid out of the county treasury, the unseated land tax to be first applied to such expenses.

Section 2. That the provisions of the act of ninth of April, 1869, entitled "An Act to prevent the firing of mountains and other wild lands in the county of Union," be and the same are hereby extended to all the counties of this Commonwealth.

A. Y. M.—Our young friend, J. Albertus Danner, a few days ago, showed us a curiously arranged Masonic Collar, which he got up for the Class of 1870 of Girard College, to be put on the statue of Stephen Girard at the approaching Commencement. Over a foundation of heavy wire and cloth, are laid in tasteful arrangement, moss, pine cones, minnie balls, grape shot pieces of shell, &c., entirely covering the entire surface of the collar. It was specially ordered by the Class, to be made of materials from the battle-field of Gettysburg.—*Star.*

A Word to the Wise.—Persons going to House-keeping this spring would do well to call at Col. C. H. Buehler's extensive Ware-room, near the Passenger depot, on Carlisle street, who has on hand a very large assortment of Stoves of the best manufacture, Cooking, Parlor, Office, and Chamber Stoves, for wood or coal; also Hollow Ware, Tin Ware, Japan Ware, Britannia Ware, Bird Cages, and a general assortment of Kitchen utensils, necessary in house-keeping, and at very low prices. tf

Farmers, This Way.—Bigham & Co. are the agents for the Champion and the Buckeye Reapers and Mowers, the best machines now in use. Farmers wishing to get a good machine and one that will give entire satisfaction, should not fail to call on Bigham & Co., at their Warehouse, on North Washington street, Gettysburg Pa. Come one, come all, and see the world renowned machines. tf

Get Your Deeds.—W. D. Holtzworth, Esq., whose term as Register and Recorder has just expired, requests all persons who have Deeds remaining in that office to call for them. All have been recorded, and the fees in many cases paid. He hopes there will be no unnecessary delay in lifting these Deeds. tf

Lumber.—The attention of Carpenters and Builders is invited to the extensive assortment at the Lumber Yard of Col. C. H. Buehler, on Carlisle st., opposite the Passenger Depot. River and Mountain Pine, Hemlock, Laths, Siding, Joists, Scantling, Shingles, Pickets, Flooring, Posts, &c. &c., furnished in any quantity and at lowest rates. tf

Removed.—Francis Cunningham has removed his Ready-Made Clothing Store to the Jacobs building, adjoining the "Keystone House," on Chambersburg street, and has just opened a new and large assortment of latest style Clothing of all kinds for men and boy's wear, carefully selected, and which he is selling lower than ever. He has also opened, in connection with his store, a Merchant Tailoring establishment, so that customers who prefer it can have Clothing made to order by the best of workmen. Call and see him. Always Ahead.—Capt. Norris is determined not to be outdone by rivals, and hence has been brushing up his "Head-Quarters," on the corner of the Diamond and Chambersburg street, (Arnold's corner,) where he has on hand the largest and best assortment of Ready-made Clothing of all kinds, for Spring and Summer use, ever opened in Gettysburg, and which he is offering at astonishingly low figures. His stock of Straw Hats embraces all styles, qualities and prices. April 29. tf

New Cooking Stove.—The attention of Housekeepers is invited to the EXCELSIOR PENN COOK STOVE, which has recently been brought into the market, and bids fair to throw all other Stoves into the shade. This Stove *took the first premium* at the State Fair held in Harrisburg last fall. Among its peculiar merits are the large Oven and Flues, and general simplicity, not being encumbered with unnecessary appendages, which in many stoves only enhance the cost without being of practical use. For beauty of design, quality of material, and general excellence, it cannot be excelled. The price is lower than any other first-class Cook Stove in market, and yet is warranted to cook and bake equal to the best. The Excelsior Penn Cook can be seen at the Wareroom of Col. C. H Buehler, on Carlisle street, Gettysburg, who is the Agent for this place. Call and see it. tf

Over-Exertion, either of body or mind, produces debility and disease. The usual remedy is to take some stimulant, the effect of which is the same as giving a tired horse the whip instead of oats. They want to see whether a poor white man in Rhode Island is not as good as a negro elsewhere.

"To Owners of Horses and Cattle."

TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-Bound, Colds, &c., in Horses, and Colds, Coughs, Loss of Milk, Black-Tongue, Horn Distemper, &c., in Cattle. These "Powders" were formerly put up by Simpson I. Tobias, son of Dr. Tobias, and since his death the demand has been so great that Dr. Tobias has continued to manufacture them. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs, and increase the milk of cows. Try them, and you will never be without them. Col. Philo P. Bush, of the "Jerome Park Race Course," Fordham, N. Y., would not use them until he was told of what they were composed, since which time he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. Sold by Druggists and Storekeepers throughout the United States. Life is the Gift of God.

When we are sick this life is obscured, under a cloud, oppressed with humors. Experience has taught us certain means, which never fail for their removal. The child receives with his life the seeds of his death. It may take one, or one hundred years, before the seeds bear their sad fruit, but just as sure as the seeds of death ripen, life ceases. Purging is the grand safeguard, because then what fosters the seeds of death are taken away, expelled from the body.

Govern Yourselves by Experience.

My child, aged five years, had scarlet fever, and for five days had constant fever. By order of the doctor I gave her syrup of rhubarb; she took nearly a pint, but her bowels continued closed. On the fifth day the doctor said her bowels must be opened or she would be lost. I proposed Brandreth's Pills; to this he would not consent—saying she was too weak. I consulted with my husband, and we concluded to give her three pills. In about four hours they operated, filling half full a common chamber. After that operation the fever left her, and she rapidly recovered. Reference, 203 Clermont Avenue, Brooklyn.

How to Cure Consumption.

THE PHILOSOPHY OF DR. SCHENCK'S GREAT MEDICINES.—Will people never learn to know that a diseased liver and stomach necessarily disease the entire system? The plainest principles of common sense teach this, and yet there are hundreds who ridicule the idea, and continue in the course which almost inevitably brings them prematurely to the grave. Living as the majority of people do, at complete variance with the laws of nature, it must be apparent to all that sooner or later, nature will revenge herself. Hence we find that persons who indulge to excess in the use of very rich or indigestible food or intoxicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered and refuses to act; the liver fails to perform its functions, dyspepsia and its attendant evils follow, and still the suffering individuals persist in clinging to the thoroughly exploded ideas of the past. Dr. SCHENCK'S medicines are recommended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every ailing man or woman in the land is a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to prejudice them against these now celebrated remedies for Consumption, discard their prejudices, and be governed by the principles of reason and common sense. If the system is disordered depend upon it, in nine cases out of ten the disorder will be found in the stomach and liver. To cleanse and invigorate the stomach and to stimulate the liver to healthy action, use

SCHENCK'S MANDRAKE PILLS. The daily increasing demand for these pills is the best evidence of their value. Thousands upon thousands of boxes are sold daily. Why? Simply because they act promptly and efficiently. Invalids who may not find it convenient to call on Dr. SCHENCK in person are informed that full and complete directions for use accompany each package of the MANDRAKE PILLS, PULMONIC SYRUP AND SEAWEED TONIC. These medicines will cure consumption unless the lungs are so far gone that the patient is entirely beyond the reach of medical relief.

It may be asked by those who are not familiar with the virtues of these great remedies, "How do Dr. SCHENCK'S medicines effect their wonderful cures of consumption?"

The answer is a simple one. They begin their work of restoration by bringing the stomach, liver and bowels into an active healthy condition. It is food that cures this formidable disease. SCHENCK'S MANDRAKE PILLS act on the liver and stomach, promoting healthy secretion, and removing the bile and slime which have resulted from the inactive or torpid condition of these organs, and of the system generally. This sluggish state of the body, and the consequent accumulation of the unhealthy substances named prevent the proper digestion of food, and, as a natural consequence creates disease, which results in prostration and finally in death.

SCHENCK'S PULMONIC SYRUP and SEAWEED TONIC, when taken regularly, mingle with the food, aid the digestive organs, make good rich blood, and as a natural consequence, give flesh and strength to the patient. Let the faculty say what it may, this is the only true cure for consumption. Experience has proved it beyond the shadow of a doubt, and thousands are to-day alive and well who a few years since were regarded as hopeless cases, but who were induced to try Dr. SCHENCK'S remedies, and were restored to permanent health by their use.

One of the first steps the physician should take with a consumptive patient is to invigorate the system. Now how is this to be done? Certainly not by giving medicines that exhaust and enervate—medicines that impair instead of improving the functions of the digestive organs. Doctor SCHENCK'S medicines cleanse the stomach and bowels of all substances which are calculated to irritate or weaken them. They create an appetite, promote healthful digestion, make good blood, and, as a consequence, they invigorate and strengthen the entire system, and more especially those parts which are diseased. If this cannot be done, then the case must be regarded as a hopeless one.

If the physician finds it impossible to make a PATIENT FEEL HUNGRY, if the diseased person cannot partake of good nourishing food and properly digest it, it is impossible that he can gain in flesh and strength, and it is equally impossible to bring a patient to this condition so long as the liver is burdened with diseased bile, and the stomach laden with unhealthy slime.

Almost the first request made to the physician by a consumptive patient is that he will prescribe medicines that will remove or allay the cough, night sweats and chills, which are the sure attendants on consumption. But this should not be done, as the cough is only an effort of nature to relieve itself, and the night sweats and chills are caused by the diseased lungs. The remedies ordinarily prescribed do more harm than good. They impair the functions of the stomach, impede healthy digestion, and aggravate rather than cure the disease.

There is, after all, nothing like facts with which to substantiate a position, and it is upon facts that Dr. SCHENCK relies. Nearly all who have taken his medicines in accordance with his directions have not only been cured of consumption, but, from the fact that these medicines act with wonderful power upon the digestive organs, patients thus cured speedily gain flesh. Cleansing the system of impurities, they lay the foundation for a solid, substantial structure. Restoring these organs to health, they create an appetite. The food is properly assimilated; the quantity of blood is not only increased, but is made rich and strong, and in the face of such a condition of the system all disease must be banished.

Full directions accompany each of the medicines, so that it is not absolutely necessary that patients should see Dr. SCHENCK personally, unless they desire to have their lungs examined. For this purpose he is at his principal office, No. 15 North SIXTH St., corner of Commerce, Philadelphia, every Saturday, from 9 A. M. until 1 P. M.

Advice is given without charge, but for a thorough examination with the Respirometer the charge is $5.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

McCORMICK

Mowers and Reapers!

ADVANCE! PRIZE! RELIABLE!

THE firm of C. H. McCormick & Bro., Chicago, manufacturers of Reapers and Mowers, offer great improvements for 1870, insuring Simply-Constructed, Light-Draft, Accurate-Raking, Grain-Cleaning, Rapid-Running and Clean-Cutting Machines—and offered on trial with any other.

Their manufacturing arrangements are such this year that they can meet the wants of every farmer with *three* varieties of Machines, viz:

I. THE "PRIZE MOWER."—Cutting four feet wide, a two-wheeled machine, used only for mowing.

II. THE "RELIABLE."—A one-wheeled self-raking Reaper, cutting full six feet wide. It is often used as a Mower with considerable success in tame grasses, though its special work is reaping.

III. THE "ADVANCE."—A combined two-wheeled machine, *reaping five feet wide*, with a serrated sickle, and having a separate cutter bar for mowing, four feet wide, with a smooth-edged knife. *This is their leading machine.* It embraces *every individual feature of the Prize Mower* and all the essential features of the Reliable Self-Raker, whilst it is the simplest, lightest and most efficient combined machine in the market. The firm believe that everybody will want a McCormick when the improved machines are seen.

JESSE EPPELMAN is the McCormick Agent for Adams and York counties, to be addressed at Littlestown, Adams county, Pa. His motto is, one price, and strictly honorable dealing with all. To be up with the age, farmers must buy the Improved McCormick machines.

A NEW device for swindling the unwary has lately been put in operation with considerable success. It consists of a circular announcing that the party addressed has been awarded one hundred and sixty acres of land as heir to a deceased soldier, and requesting that $30 be forwarded to the writer for expenses of sale and transmission of the proceeds. It is a "sell."

COLLECTION OF TAXES.

THE following Acts of Assembly are published for general information:

AN ACT

To authorize the more prompt collection of taxes, in the county of York.

WHEREAS, The act, entitled "An Act imposing additional taxes, for state purposes," approved the thirteenth day of April, Anno Domini one thousand eight hundred and sixty-four, which said act, amongst other matters, provides that the auditor general shall add five per centum penalty to each county, on all state taxes remaining unpaid on the first day of August, of each year, has been found to have a salutary effect;

And whereas, It is equally desirable to have the county taxes, as well as the state taxes, required to be paid by said county, promptly collected, as well to meet the exigencies of the county, as to avoid the penalty which might, under said act, be imposed by the auditor general; therefore

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That hereafter it shall be lawful for the county commissioners, of the county of York, to add five per centum penalty to the state and county taxes of each and every taxable of said county, remaining unpaid on the fifteenth day of July, Anno Domini one thousand eight hundred and sixty-six, and of each year thereafter, and collect the same, in the same manner in which state and county taxes are now recovered and collected, in said county; and that all acts of assembly, inconsistent with the provisions of this act, be and the same are hereby repealed.

JAMES R. KELLY,
Speaker of the House of Representatives.
DAVID FLEMING,
Speaker of the Senate.

APPROVED—The eleventh day of April, Anno Domini one thousand eight hundred and sixty-six. A. G. CURTIN.

AN ACT

To authorize the more prompt collection of taxes in the county of Adams.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the act of assembly approved the eleventh day of April Anno Domini one thousand eight hundred and sixty-six, to authorize the more prompt collection of taxes in the county of York, be and the same is hereby extended to the county of Adams in like manner as if the same had been especially recited in this act.

B. B. STRANG,
Speaker of the House of Representatives.
CHARLES H. STINSON,
Speaker of the Senate.

APPROVED—The sixteenth day of April, Anno Domini one thousand eight hundred and seventy. JNO. W. GEARY.

The Tax Collectors and Tax Payers of Adams county are expected to comply with the provisions of the above Acts of Assembly.

TO PHYSICIANS.

New York, August 15th, 1868.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist of 16 Years' Experience.

[From the largest Manufacturing Chemist in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU, for weakness arising from indiscretion. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil; in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The constitution, once affected with Organic Weakness, requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT OF BUCHU, in affections peculiar to Females, is unequaled by any other preparation, as in Chlorosis, or Retention, Painfulness or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use HELMBOLD'S FLUID EXTRACT BUCHU in all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price $1 25 per bottle, or 6 bottles for $6 50. Delivered to any address. Describe the symptoms in all communications.

APPLE ROLL.—Make a paste with one fourth of a pound of butter to one of flour; mix with water, not very stiff. Peel and slice rather thick, tart apples, roll the paste very thin, or as thin as the bottom crust of a pie, spread the apples on the crust so as to cover it, dredge on a little flour and roll it as tight as possible. Cut the ends even, and put in a steamer, or wrap it in a thick cloth and boil it. Boil an hour. Serve with butter and sugar.

SIMPLE RECIPE FOR BLANC MANGE. —Two ounces isinglass and two quarts milk. Soak the isinglass in the milk one hour, and then set it on the back of the stove, where it will heat slowly. When nearly boiling, strain into a bowl, sweeten and flavor. Stir often, and when nearly cool, turn into moulds that have been first dipped in cold water. When cold, serve with cream and sugar.

COOKING PARSNIPS AND CABBAGE. —Wash the parsnips, scrape, boil tender, and then slice and brown on a griddle, with butter to prevent sticking. Carrots are good cooked in the same way. Boil cabbage tender in clear water; drain dry, add salt and a good sized piece of butter put on in little bits; cut in small squares for convenience in serving.

AMERICAN RAISED WAFFLES. —One pint of sweet milk, one teacup of butter, three eggs, a tablespoonful of thick brewer's yeast, one quart of flour, and another teaspoonful of sweet milk, in which is dissolved a quarter of a teaspoonful of soda. Let it rise until very light, then bake as other waffles. Serve hot with butter and sugar.

LOOSDON TEA CAKE.—Take a quantity of light dough the size of a small bowl, add two eggs, one cup of sugar, half-pint of milk, butter and lard the size of a walnut, one teaspoonful of soda. Mix well together, and flavor to taste. Bake one hour. This cake is cheap and delicious. Try it.

RICE BREAD.—To make rice bread, take six tablespoonfuls of boiled rice, one of butter, rub together and pour in half a pint of sweet milk; add six tablespoonfuls of wheat flour. Mix well, and bake a little brown, and you will have a good and wholesome loaf.

NICE SHORT CAKE.—Take two heaping tablespoonfuls of lard or butter; two teaspoonfuls of saleratus and one of salt; rub all into one and a half quarts of flour, mix quickly with one pint of sour cream. Roll out rather thick.

BREAKFAST CAKE.—One pint of milk, one and a half pints of flour, one egg, a half teaspoonful of salt. Mix the milk by degrees into the flour; then add the beaten egg, and beat all thoroughly for a few minutes. Bake in twelve earthen teacups, or in a French roll-pan.

MOTHS IN CARPETS.—One who tried it says: "I wholly conquered them in this way. I took a coarse crash towel and wrung it out in clean water, and spread it smoothly on the carpet; then ironed it dry, repeating the operation on all suspected places, and those least used. Then by placing a few crumbs of sulphur under the edges of the carpet, the result is accomplished."

DRAINAGE—AN EXAMPLE.

I am often asked, "What are its advantages? Does it pay to spend twenty or thirty dollars per acre in draining?"

As to the first question, I cannot in a short letter tell its advantages, but will cite a case in point.

In the spring of 1862, Capt. Lakey, a returned whalesman, bought a farm in Marion, N. Y., paying $26 per acre. It was called the poorest farm in town, so wet in spring it could not be plowed till very late, and then it baked hard in the dry season. In order to remedy this, he commenced draining, taking the different fields in course, and doing a thorough work until the whole farm was underdrained. His neighbors ridiculed the idea, saying he was burying means forever out of sight. But what was the result? His farm became the easiest to work and most productive of any in the county. He never failed of a good crop, and two years after he finished the last field he sold it for $108 per acre. That farm is just as good now as then: the outlets of the drains continue to run as freely as ever, and the cold water, that had for ages chilled the soil, is made to run off, letting in the warm air, thus promoting early vegetation, and also preventing bake.

Look over a field of wheat, oats or barley, in June; the courses of the drains are plainly visible in streaks of rank growth immediately over the tile.

This is the advantage and this is why it pays. In many fields on this farm the drains empty into wells from which the water is used for stock, wells having outlets to carry off the surplus water.

One of the nursery farms of Herendon & Jones, near Geneva, N. Y., is drained in a like manner, only the drains empty into a large reservoir or pond near the house, furnishing an abundant supply of water at all seasons of the year, also a good crop of ice in winter.

A constant flow of water runs from this pond, even during the driest season, and when I saw it, in September, was discharging at the rate of about twenty gallons per minute. This farm cannot be bought for $200 per acre. What wou'd it be worth with all this water in the soil.

That under draining is of incalculable value, is an established axiom of the age. But how shall we do it? is a question asked by many, and it can only be answered by practical men through the columns of your paper, so as to reach the great mass of farmers who are to profit thereby. I have never read any work on drainage, and what I may write, at some future day, will be the result of practical observation, with a hope that it may be of service to some of your many readers.—*Cor. of Prairie Farmer.*

PEASE AND BEANS.—Burleigh Pease is one of the most efficient, if not the most popular teacher in Bangor, Me. A youth named Bean who attends his school was reciting his lesson one day and hesitated a moment, when the teacher remarked, "It takes beans a long time to sprout." "No longer than peas, sir," replied the boy.

SOME rash fellow says that the giving of the ballot to women would not amount to much; for none of them would admit that they were old enough to vote until they were too old to take any interest in politics.

THE GREAT

Medical Discovery!

DR. WALKER'S

CALIFORNIA VINEGAR BITTERS.

MORE THAN 500,000 PERSONS bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

They are a gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion, or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters have no equal.

Send for a Circular.

THEY ARE NOT A VILE FANCY DRINK, Made of POOR RUM, WHISKY, PROOF SPIRITS, AND REFUSE LIQUORS, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Roots and Herbs of California, FREE FROM ALCOHOLIC STIMULANTS. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For INFLAMMATORY and CHRONIC RHEUMATISM, and GOUT, DYSPEPSIA, or INDIGESTION, BILIOUS, REMITTENT, AND INTERMITTENT FEVERS, DISEASES OF THE BLOOD, LIVER, KIDNEYS, and BLADDER, these BITTERS have been most successful. SUCH DISEASES are caused by VITIATED BLOOD, which is generally produced by derangement of the DIGESTIVE ORGANS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed or sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the systems of so many thousands, are effectually destroyed and removed.

In Bilious, Remittent and Intermittent Fevers, these Bitters have no equal. For full directions read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

FAHRNEY'S BLOOD SEARCHER,

Or PANACEA.

THIS well known and popular medicine was formerly put up in packages by Dr. Fahrney, near Boonsboro', Md., but is now put up in a liquid form, and is highly commended for all Chronic or long standing Diseases. Hundreds of testimonials could be given, but the following will suffice:

"Dr. P. Fahrney's Blood Searcher or Panacea," is a medicine that we can recommend to those who are afflicted, having used it in our own family and furnished our friends with the article; we can, therefore, from experience say that it is a medicine possessing rare medicinal properties. Being a mild purgative, it is well to keep it always in the family where there are children or those subject to colds or other sickness. It is compounded from medicinal Roots, Leaves, Barks, Seeds, and Berries, which are said to be entirely free from poison. We are personally acquainted with the proprietor, who was our family Physician for several years, and we were at one time raised from a bed of affliction under his judicious treatment.—*Christian Family Companion.*

FAHRNEY'S BLOOD SEARCHER.—From our personal acquaintance with Dr. P. Fahrney, and from the reputation of the above named medicine in the community where he lives, we can cheerfully recommend it to a fair trial to all who may need a PANACEA for the physical maladies of mortality—until the great PANACEA for all disease shall be found in the leaves of the tree of life.—*Prophetic Watchman.*

Ayer's

HAIR VIGOR,

For Restoring GRAY HAIR to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CHERRY PECTORAL,

For Diseases of the THROAT and LUNGS, such as COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA, and CONSUMPTION.

PROBABLY never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of CROUP, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled CONSUMPTION is thought incurable, still great numbers of cases where the disease seemed settled have been completely cured, and the patient restored to sound health by the CHERRY PECTORAL. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the CHERRY PECTORAL they subside and disappear.

SINGERS AND PUBLIC SPEAKERS find great protection from it.

ASTHMA is always relieved and often wholly cured by it.

BRONCHITIS is generally cured by taking the CHERRY PECTORAL in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

AYER'S AGUE CURE,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does CURE, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For LIVER COMPLAINTS, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

THE HOWE SEWING MACHINE!

Proof Positive of its Excellence over all others.

CERTIFICATES FROM PERSONS NOW USING THE HOWE.

ADAMS CO., FREEDOM TWP., Jan. 4, 1870.

I, the undersigned, purchased a Wheeler & Wilson Sewing Machine. After using it a few weeks I found it not to be as represented. I notified the parties I purchased from, and they could not make it work successfully, and refused to repossess themselves of the machine and refund my obligations. I then disposed of it and purchased a Howe, which has given perfect satisfaction.

ABRAHAM WAYBRIGHT.

SHIPPENSBURG, Oct. 9, 1869.

For over one year I had in use in my family one of the Wheeler & Wilson Sewing Machines; it was not equal to the range of work I often had on hand. I then disposed of it and purchased one of the Howe Family Sewing Machines; it works delightful in all particulars and has never failed to render good work and entire satisfaction in all kinds of use, from the finest to the heaviest material. I feel free to recommend the Howe to all who wish to purchase a perfect family machine.

MRS. WATSON CRAIG.

SHIPPENSBURG, Oct. 9, 1869.

I have used the Howe Family Sewing Machine for more than two years and unhesitatingly pronounce it a superior machine. We have tested it upon the finest fabric to the heaviest material. Its simple construction and the great range of work it is able to perform, is a sufficient recommendation to all who wish a first-class machine. We previously had a Wheeler & Wilson Sewing Machine, and it in use for over one year, sold it and bought the Howe Machine, which in my judgment is superior to the Wheeler & Wilson as a family machine.

MRS. WILLIAM LYNN.

SHIPPENSBURG, Aug. 16, 1869.

Having used a Wheeler & Wilson Sewing Machine for more than a year, I found that it would not do the range of work I as a seamstress had occasion to do; I sold it and bought a Howe Family Sewing Machine which does all the different kinds of work satisfactory, and would recommend it to all as a No. 1 Sewing Machine.

MRS. PRISCILLA E. BOHER.

SHIPPENSBURG, Aug. 16, 1869.

I have used a Wheeler & Wilson Sewing Machine for over a year; not proving satisfactory nor being able to do the range of work for family purposes, I sold it and bought a Howe Family Sewing Machine, which I have been using for some time, and take pleasure in recommending it as a superior Family Machine. For its simplicity and great range of work it cannot be excelled.

MRS. JOHNSON SNODDY.

SHIPPENSBURG, Aug. 16, 1869.

I have used a Wheeler & Wilson Sewing Machine for over a year; I sold it and bought a Howe Family Sewing Machine which has been used for some time, and take pleasure in recommending it as a good Family Machine. It can do a great range of work and is simple in its construction.

COMMON SENSE

Sewing Machine.

Any person wanting A GOOD, RELIABLE AND CHEAP *Sewing Machine,* would do well to call upon the undersigned or address him, at Idaville. It uses common thread, and does the work equal to any high-priced Machine. For beauty and strength of sewing it cannot be excelled. It is acknowledged by the best judges to stand entirely *above and beyond* any cheap machine ever produced before.

For EIGHTEEN DOLLARS I will deliver a Machine to any part of the county, and give the necessary instructions. Every Machine warranted for five years.

It makes the elastic lock-stitch. You can cut every second stitch of this sewing, and then you cannot pull the cloth apart without tearing it. The Machine can be operated by hand or treadle. For hand machine, $18; for treadle machine, $30.

BE WISE

WHILE wisdom will benefit you; be not always controlled by your incredulity. Hundreds have sought relief from the horrors of Dyspepsia through the medium of DEMPSY'S ANTI-DYSPEPTIC STOMACH BITTERS and found it. Why should you suffer when this admirable stomachic has cured many similar cases—why do you doubt, while others believe and are cured? Delay in this matter is both dangerous and unprofitable, your health, happiness, and business suffers, while constant neglect is frequently followed by serious and uncontrollable results. DEMPSY'S BITTERS are equally useful in the numerous difficulties *attending* indigestion; as BILIOUSNESS, CONSTIPATION, &c., while for FEVER and AGUE and other disorders proceeding from MIASMATA, it is the only reliable preventive and remedy known.

FORNEY'S

Horse & Cattle Powder.

This Preparation has become a great favorite with the people of Adams county—will thoroughly reinvigorate broken down and low spirited horses, by strengthening and cleansing the stomach and intestines. It is a sure preventive of all diseases. Its use improves the wind, increases the appetite, gives a smooth and glossy skin, and transforms the skeleton into a fine looking and spirited horse.

To Keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk, and makes the Butter firm and sweet. In fattening Cattle it gives them an appetite, loosens their hides and makes them thrive much faster.

In all diseases of Swine this article acts as a specific; by putting from a quarter to half a paper in a barrel of swill, these diseases will be eradicated or entirely prevented. If given in time a certain preventive for Cholera. Price 25 cents per pound paper. [illegible]

NEW INVENTION,

AND ONE OF THE BEST,

IMPROVEMENT IN

SAWING MACHINES.

THE undersigned has obtained a patent from the United States for an IMPROVEMENT IN SAWING MACHINES, to which he desires to draw public attention. It is designed for the sawing of cord wood, cutting into three pieces at one operation. The machine is turned by hand, and one man can easily cut six cords of wood in a day with it. But little power is required, any boy being able to turn it. Added to these advantages, the machine is strong and durable, and not likely to get out of order. Nothing more serviceable in its way has yet been introduced. Rights for Townships in Adams county for sale. Apply to or address

Make It Pure! Keep It Pure!

THE

LONDON BLOOD PANACEA

WILL DO IT.

IT cures Dyspepsia, Liver Complaint, Scrofula, Erysipelas, Fluttering or Palpitation at the Heart, Dropsy, Gravel, and all Kidney Complaints, Chronic Rheumatism, Neuralgia, and all diseases arising from an impure state of the Blood. By its use the impure dark colored Blood will be changed to the bright red liquid of Life. And the broken down and debilitated either Male or Female will be made strong, robust and hearty.

As a medicine for Female Complaints it has no equal.

LADIES.

Use a bottle or two of LONDON BLOOD PANACEA each year, and your complexion will be pure, rendering useless the miserable cosmetics of the day.

BEAUTY

Sparkling Eyes, Buoyant Spirits, Ruby Cheeks and a Beautiful Complexion will result from its use.

REMOVAL.

New Oxford Drug Store.

THE undersigned has removed his Drug Store into his new and spacious room, on the northeast corner of the Public Square, New Oxford, where everything will be found fitted up in elegant style. The room is considered the handsomest for a Drug Store in the county, and the proprietor asks all to call and see for themselves. He would also call attention to his stock of

PAINTS,
OILS,
VARNISHES,
DYE STUFFS,
WINDOW GLASS,
PATENT MEDICINES,

and a full assortment of DRUGS; in a word a complete stock of Goods generally kept in a first-class Drug Store, all of which have been purchased within a short time, and will be sold low. All the articles formerly manufactured at the old establishment in East Berlin can be had here. Understanding his business perfectly, and selecting his goods himself he is able to warrant his Drugs pure and as represented. The public are requested to give him a trial.
